

The diagram illustrates the ESMF architecture as a stack of layers. At the top is a single yellow block labeled 'ESMF Superstructure'. Below it is a row of five colored blocks: olive green, light blue, light orange, light green, and light purple. The light blue block is labeled 'User-Supplied Components'. Below this row are two more yellow blocks. The first yellow block is labeled 'ESMF InfrastructureFields and Grids' and the second is labeled 'ESMF InfrastructureUtilities'.
